*** Hunting license conditions.**

The **Big hunting license** allows for taking 2 different species from group A and 4 from group B and C.

The **Medium license** allows for six different species from group B and C (none from A!). It is illegal to double the same species, irrespective of the license taken.

Anti-poaching and community-development program: in order to support an effective tear-round anti-poaching campaign, as well as for advocating the value of wildlife to the villagers adjacent to and within our hunting blocks, **a fee of 15% of the above trophy fees will be collected** to fund these programs under our direct supervision. We have implemented these programs in all our hunting areas and have found that the results of direct funding for these necessary actions have been extremely beneficial in the overall quality of the hunting experience offered to our clients. These fees are paid at the conclusion of the safari, based on the final trophy fee amounts.
