

Free Roaming Trophy Nilgai Hunting Info

Because of the huge numbers of Trophy Nilgai on the Ranch the hunts are typically one day hunts, but I schedule them for two days just in case we need the extra day due to weather or unforeseen problems. Kill ratio is 100% don't miss read the high success rate for an easy hunt be ready to do some stalking and wear some comfortable boots, if you wound an animal he's counted as your trophy. The minimum caliber used for Trophy Nilgai Hunts is 300 cal. - Bigger is better. We are hunting over 15,000 acres. We will be staying near Raymondville TX. If you have any questions give me a call I would like to hear from you.
