

Sweden slam

South Sweden

Scandinavian Prohunters have the best privately owned properties in the Southern part of Sweden. Our areas are situated outside Copenhagen on the Swedish side and around Stockholm.

Roebuck is hunted in the agriculture areas, its a classic spot and stalk hunt early morning and late evening. Our VIP area has been producing some of the biggest bucks in the world and was Kaiser Wilhelms favorite hunting ground.

Apart for **Roebuck** we can also hunt **Mouflon** and **Wildboar** in May-June, August and if you come later from 1 Sept then we also can hunt **European Red stag**, **Fallow stag**, **Mouflon**, **Wildboar** and even **European Bison** in nearby areas. **Moose** is one of the most difficult species to get a good trophy on. The hunter will team up with the doghandler and his well trained and highly skilled dog. It's a active VERY exciting hunt. If you wants to combine with **Reindeer** or **Norwegian Red stag** we are only 2 hours flight away from our areas in Norway or why not take the 2 hours flight to our areas in Scotland or England where we have **Scottish Red stag**, **Sika**, **Roebuck**, **Chinese Waterdeer** , **Muntjac**, **Pere Davis**.

Period

1 May - 10 June, **16 - 20 Aug**, Roebuck, Wildboar, Mouflon
5 Sept - 31 Dec Roebuck, Wildboar, Mouflon Red stag, Fallow stag
From **12 Oct** we can also hunt Moose.

Rough shooting / Mixed wingshooting

Scandinavian Prohunters arranges a small number of exclusive hunts. We use the very best dog handlers and hunt at the fantastic castle of Markie Hage in order to be able to provide a fulfilling and comprehensive HUNTING experience. It's a mixed hunt of **Hungarian partridge** with pointer dog and spaniels, take-off and flight for **ducks** and small classical English drives for **pheasant**.

Accommodation is in charming hotels on the country side but can be upgraded to stay in castle or classic country hotel.

Non hunter Just to stay at the lodges itself is a very relaxing holiday. But for those who wants to we will also arrange sightseeing in the nearby areas and of course since we are so close to our Scandinavian capitals Stockholm and Copenhagen a visit here is a must.

Weapon To bring your gun into Sweden we would need a copy of your passport, hunting license and weapon ownership document. For those who prefer to rent gun we can arrange that.

Transport The principle Airport used are Stockholm airport or Kastrup / Copenhagen. Its app 1 hour to our different areas from the airports.
