NORWAY

SCANDINAVIAN
PRO HUNTERS

Area

We are hunting app 4 hours north from Oslo, here we have access to some very beautiful areas that every year is producing some good bucks.
In our area the biggest EUROPEAN REINDEERS in the world has been shoot and there are also a possibility to use horses so we are getting deeper into the mountains.

We are here staying in a charming little country hotel that has got all modern facilities

The Hunt

In the early morning we will go up in the mountains going for a good spotting place where we will try to find a group of bulls. The most difficult part is to get the biggest bull in the herd free since they are walking very tight.
Red stag will be sitting and waiting. Capercaillie will be hunted over dog.

Accommodation

A little charming highland hotel in the area. The food is made of local products. There are also a possibility to stay 45 min away in the charming town Roros where there is a very nice hotel. Here we can arrange sightseeing for the non hunter.

Other

The Reindeer hunt can also be combined in Norway with Norwegian Red stag, Roebuck and also Capercaille. If interested in other species, we can take a flight over to Sweden where we can continue the hunt for VIP Roebuck, European Red stag, Fallow stag, Mouflon, Wildboar or European Bison.
