

Kwadacha Outfitters is located in both the Cassiar and Rocky Mountains of North Central BC. The terrain varies from swampy bottomlands to jagged alpine peaks, with everything in between. We have a wide diversity of game, with eight different species available for harvest. We hunt our areas very lightly in order to maximize trophy potential. Access is fly in and riverboat only.

Kwadacha Outfitters is owned by the Kwadacha Nation. The Kwadacha Nation (home of the Tsek'ene people) is located at Fort Ware, approximately 570 km north of Prince George in British Columbia, Canada. The Village lies at the confluence of the Fox, Kwadacha and Finlay rivers in the Rocky Mountain Trench.
